REPORT IN BRIEF: The State of Florida administers the Municipal Competitive Grant Program of the Emergency Management, Preparedness and Assistance Trust Fund (EMPATF) to further state and local emergency management objectives. Davie applied for and was awarded a grant for our portable generator project in the amount of \$49,800. These grant funds will be used to purchase a trailer-mounted, 125kW generator that can be transported to the facility for which power is most needed during an emergency to facilitate response and relief activities. The purchase will be reimbursed entirely by grant funds and requires no new Town funds. Residual grant funds will be used to facility retrofitting electrical service connections at critical facilities.
